

# Free Sample Pack\* of Karl Fischer Reagents

QCL supply the HYDRANAL range of premium quality products for pyridine-free moisture determination by Karl Fischer titration:

- One and two-component reagents for volumetric determinations
- A wide range of reagents for coulometric determinations
- Non toxic methanol free HYDRANAL®-E type reagents
- Water standards for determination of titre
- Buffer solutions
- Special reagents for ketones and other difficult substances

	Part No.	Description
Coulometric	34744	<b>HYDRANAL® Sample Box Coulometry AG/CG for cells without a diaphragm</b> Contains 250ml 34836 HYDRANAL-Coulomat AG and 2x5ml 34840 HYDRANAL-Coulomat CG and 2x4ml 34828 HYDRANAL-Water Standard 1.00
	34746	<b>HYDRANAL® Sample Box Coulometry A/CG for cells with a diaphragm</b> Contains 250ml 34807 HYDRANAL-Coulomat A and 2x5ml 34840 HYDRANAL-Coulomat CG and 2x4ml 34828 HYDRANAL-Water Standard 1.00
	37869	<b>HYDRANAL® Sample Box Coulometry, any cell, non-toxic, E-Type</b> Contains 500ml of the non toxic 34726 HYDRANAL-Coulomat E
	37994	<b>HYDRANAL® Sample Box Coulomat Oil, cells with a diaphragm, oil samples</b> Contains 250ml 34868 HYDRANAL-Coulomat Oil and 2x5ml 34840 HYDRANAL-Coulomat CG and 2x4ml 34828 HYDRANAL-Water Standard 1.00
Volumetric	37997	<b>HYDRANAL® Sample Box Volumetry, single component titration</b> Contains 500ml 34805 HYDRANAL-Composite 5 and 1L 37817 HYDRANAL-Methanol Rapid and 3x8ml 34849 HYDRANAL-Water Standard 10.0
	34728	<b>HYDRANAL® Sample Box Volumetry Titrant/Solvent, two component titration</b> Contains 500ml 34801 HYDRANAL-Titrant and 1L 34800 HYDRANAL-Solvent and 3x8ml 34849 HYDRANAL-Water Standard 10.0
Water Standards	34755	<b>HYDRANAL® Water Standard 1.00, Musterbox</b> Contains 3 ampoules of 34828 HYDRANAL-Water Standard 1.00
	34757	<b>HYDRANAL® Water Standard 10.0 Musterbox</b> Contains 3 ampoules of 34849 HYDRANAL-Water Standard 10.0
